

nVent SCHROFF unveils  
new website!

**ENHANCED | POWERFUL**  
**INTUITIVE | COMPLETE**

## New nVent SCHROFF Website: Immediate answer to your needs

Dear valued nVent SCHROFF Business Partner,

We are very excited about the launch of our new web site, which provides a market-back and customer-friendly experience, thanks to the modern and intuitive design, advanced search capabilities, and eCommerce features.

Hopefully, you already had time to experience it yourself and you share our excitement.

### Improvement for your daily business

One of our key goals for this new site is to improve velocity and offer you, our Partners and registered Customers, faster ways of accessing your relevant **selection from over 6.000 products, create customized solutions in minutes, download CAD files and other supporting documentation, view price and inventory, and generate your quote immediately**. Order tracking is now available for registered visitors through the portal account, **along with quote and order history**.

### Short Videos available for assistance

A **video mini-series** presenting the key website features is now available on our **social media channels** linked below and, if more details or refreshers are needed, please do not hesitate to reach out to your Sales contacts.

### Continuity of our strong partnership

Together with you, we aim to shift manual work from our engineering teams who have been servicing directly, to the new platform, so you can enjoy all the above mentioned benefits as soon as possible.

Until the **end of January 2021**, our team is pleased to guide and support you in using the Online Tools, so don't hesitate to contact us.

**Visit us at :**

**SCHROFF.nVent.com**

**& get the full experience!**
